

TRAINING PROGRAM FOR GUIDANCE AND COUNSELING PROGRAM FOR CONSELOR TEACHER GUIDING COUNTRY SMP MAGELANG CITY

by Sugiyatno, Fathur Rahman, Budi Astuti Prodi

ABSTRACT

Abstract

The purpose of community service activities is to improve the ability of teachers BK SMP Kota Magelang in preparing Guidance and Counseling Program. The target audience of this activity is Guru BK SMP Kota Magelang with 48 teachers guidance and counseling. This training activity uses mentoring techniques. The measuring tool used to determine the effectiveness of the technique is with the assessment scale of the BK training program preparation used during pre-test and post-test. The results of the activity show that the training activities of guidance and counseling programming through mentoring techniques for counseling teachers in the city of Magelang showed an increase seen from the average pre-test score of 17.38 with the category of less skilled and the average score of post test for 28.92 with Skilled category. Thus there is an increase of 11.54. point. Based on this matter then this dedication has succeeded in reaching goal.
