### ABSTRACT

During the Covid-19 pandemic, learning was carried out in the form of distance learning in accordance with the Minister of Education and Culture Decree No. 4 of 2020 so that student worksheet is needed to be used by implementing active learning. The objectives of this community service activity are (1) to improve the knowledge and skills of junior high school English subject teachers in implementing online active learning, and (2) to increase the knowledge and skills of junior high school English subject teachers in developing student worksheet which are used for online learning. The activity method used in this community service program is the online lecture method, online discussion and practice, and online performance. At the end of the activity the participants succeeded in increasing their knowledge of the basic concepts and principles of learning English online, active learning, and the preparation of English online student worksheet. In addition to knowledge, the skills of participants in preparing student worksheet for learning English online also improved.
