

Online-Based Guidance Board Development Training for BK Teachers in Kulon Progo Regency

by Ismarini Bakti Setiani, M.Pd, Prof. Dr. Muh. Farozin, M.Pd, Dr. Agus Basuki, M.Pd, Yulma Ramadian, Isa Mahendra

ABSTRACT

PPM activities with the topic "Training on Development of Online Guidance Boards for Counseling Teachers in Kulon Progo Regency" were carried out face-to-face while still adhering to the covid19 prevention health protocol. This activity was carried out by a team from lecturers and students of the Guidance and Counseling, Universitas Negeri Yogyakarta, which aims to provide understanding to guidance and counseling teachers in Kulon Progo regarding the importance of utilizing and developing online-based guidance boards, as well as providing guidance and counseling teacher training in Kulon Progo in use and develop online-based guidance boards effectively and efficiently. The implementation of PPM activities was carried out in Kulon Progo (Yogyakarta) district on Thursday 17 September 2020 and continued with an assignment. Activities in collaboration with MGBK Kulon Progo district with participants from SMP / MTS guidance and counseling teachers in the Kulon Progo district, which was also attended by the Head of the Kulon Progo Regency Education Office. The results obtained from the activity are assignments in the form of online guidance board products posted on the school web and social media for guidance and counseling teachers to reach students. Participants were enthusiastic and creative in pouring ideas on online guidance boards. This was shown during the implementation of the training with interesting work results and the desire of the participants to hold more useful activities such as this PPM activity. The impressions and messages from the participants were also reflected in the results of the google form that the participants had filled in after the activity.

Kata Kunci: *guidance board, online*
