

THE EFFECT OF QUALITY TRAINING SERVICES AND FAMILY AND COACH SUPPORT ON TRAINING MOTIVATION FOR CHILDREN WITH DISABILITIES NPC YOGYAKARTA

by Rumpis Agus Sudarko, Endang Rini Sukamti, Awan Hariono

ABSTRACT

Comfort in sports is one of the largest social events in the world and their practice brings countless benefits. Meanwhile, family support, which is a form of interpersonal relationship that includes attitudes, actions and acceptance of family members, so that family members feel that someone is paying attention is also important to increase the motivation of athletes. According to Law Number 19 of 2011 concerning the Ratification of the Rights of Persons with Disabilities, persons with disabilities are people who have physical, mental, intellectual or sensory limitations for a long time who in interacting with the environment and attitudes of their society can encounter obstacles that make it difficult to participate fully and effectively based on equal rights. Based on this, it can be concluded that athletes with disabilities have the right to get quality training services and outgoing support for them to be able to have high training motivation so that they can achieve the highest achievements in the realm of sports. The purpose of this study was to find out how the effect of quality training services and family support on the training motivation of DIY NPC athletes. This type of research is analytical survey research, what is used is cross sectional survey design. With the research approach used, namely quantitative and qualitative approaches. The sample of this study was 56 NPC athletes with purposive sampling techniques derived from DIY NPCs. The Validity and Reliability Test in this study used Aiken's V and Cronbach Alpha formulas. Data were collected through questionnaires and analyzed using structural equation modeling (SEM) to simultaneously test all relationships in the model. the results of data analysis, description, testing of research results, and discussion, it can be concluded that There is a positive and significant relationship between. support of coaches and families with motivational training.
