

# WORKSHOP IMPLEMENTATION OF LOCAL AWARENESS IN THE PANDEMIC COVID-19 DISASTER MITIGATION FOR COMMUNITIES IN YOGYAKARTA CITY

by Kuswarsantyo, Tien Aminatun, Suyanta

## ABSTRACT

*The emergence of the Covid 19 outbreak was very unexpected, but its effects shook the whole world. As a result, all activities are paralyzed. Many students who have not had time to return home but are subject to regulations are not allowed to go home. This is a problem in itself for students who are running out of logistics to survive in DIY. Not to mention that some of the small people who have been laid off from work, due to Covid 19. This situation prompted the PPM team from the Center for Environmental Culture and Mitigation of LPPM UNY to conduct workshops related to local wisdom in mitigating the Covid 19 Pandemic disaster for people in the city of Yogyakarta. The objectives of this PPM are; 1) providing insights to students and the general public regarding local wisdom in mitigating the COVID-19 pandemic disaster; 2) Knowing the benefits of local cultural values ??that can be used for the Covid Pandemic 19 situation*
