ABSTRACT

This community service aims at developing the skill and confidence of the students of SMK Negeri 1 Yogyakarta to improve their ability to do the TOEIC (Test of English for International Communication), especially related to listening and reading's sections. To achieve this objective, a workshop was conducted. In this workshop, the participants were given TOEIC materials, simulation and discussion.

The results of this activity indicate that: 1) the participants are able to identify the sequence of TOEIC test, the things that can and should not be done while doing the TOEIC test, 2) the participants know the tips and tricks in doing the TOEIC test, 3) the participants can do the TOEIC test confidently, 3) the participants have knowledge and skills related to the listening and readings' sections in TOEIC tests sufficiently.
