

Social Parenting and Family Gathering Football Fun Game For Kids In the Sleman Regency, Yogyakarta

by Fathan Nurcahyo, Caly Setiawan, M. Hamid Anwar

ABSTRACT

This PPM activity aims to improve the quality of social and kinship relations among sports actors, especially at football schools (SSB) in Sleman Regency, Yogyakarta. Sports, especially football, is one sport that is in demand by many people of various age groups, genders and even crosses the boundaries of socioeconomic status. The sports actors referred to in this PPM only include: administrators / managers, coaches, parents or guardians and children under 12 years of age.

The method in this PPM service activity is designed in the form of a practice simulation of parenting sports matches and family gathering football fun games by football players in Sleman Regency, Yogyakarta. Feedback is done by means of documentation and unstructured interviews. The success in this service activity is determined by the target participants or the level of participation of participants who take part in this PPM activity.

The implementation of this community service (PPM) activity was carried out on Sunday, October 4, 2020, starting from 07.30 WIB - finished with the following match results: 1) In the age group under 10 years: 1st Winner: Pluto team, Second runner up: Jupiter's team, 3rd runner-up: Mars team, 1st runner-up: Venus, 2nd runner-up: Saturn's team and 3rd runner-up: Uranus team. 2) In the age group under 12 years: 1st winner: Moon team, 2nd winner: Pelangi team, 3rd winner: Bintang team and 4th winner: Matahari team. With the implementation of this PPM activity, it is hoped that it can improve family relations and social awareness among sports players, can find children's talent scouting and increase motivation as well as a means of recreation among soccer players, especially in the Sleman Regency. Yogyakarta
