## ABSTRACT

To improve teachers in national dance lessons, appreciation for national dances in junior high school/high school/vocational high school and art education socialization in junior high school/high school/vocational high school, particularly performance art/dance, is developed through training national dances based on the lecturers' research.

The Community Service by Lecturer Group was performed by the PPM Team of the Dance Education Department of FBS of UNY in Yogyakarta. It was a national dance training workshop for arts and culture teachers in the Special Region of Yogyakarta on June–September 2020 at Ki Nartosabdo Building of FBS of UNY, Sleman Regency. The material was *Sigrak Kumandang* dance.

The training results were as follows. a) The skills of arts and culture teachers in *Sigrak Kumandang* dance improved; b) The participants could collaborate dance with the accompanying music; c) The participants did virtual performance during COVID 19 pandemic. Two people represented each of the following regions Yogyakarta, Sleman Regency, Bantul Regency, Kulonprogo Regency, and Gunungkidul Regency. The performances were arranged one after another into one performance. The result can be viewed on <https://youtu.be/b1L1EuUmpg>
