

VOLLEYBALL CLUB MANAGEMENT TRAINING IN SLEMAN DISTRICT

by Danang Wicaksono

ABSTRACT

The PPM carried out was entitled volleyball club management training in Sleman Regency. This PPM aims to improve the knowledge, understanding and skills of volleyball club management in Sleman Regency to be more effective and efficient. Basic material on management functions was disseminated to the core board of volleyball clubs in Sleman Regency. Discussions were conducted to solve the problems faced by each participant regarding the problems faced in managing the club. Monitoring from the Sleman PBVSI Regency Government is carried out to oversee the organizational and coaching process carried out in each volleyball club in Sleman Regency. The target audience in this PPM activity are the core management and volleyball coaches in official clubs under the auspices of the Sleman PBVSI Regency Government. The core management involved in this activity are: club chairman, club secretary and club treasurer at the 13 official volleyball clubs in Sleman Regency with a total of 40 people.

The implementation of PPM activities went well and smoothly, with indicators of participant involvement from the beginning to the end of the activity above 95%, discussions could run intensively.
