## **ABSTRACT**

This sports organization management training is a training process whose results cannot be immediately seen. This activity can be said to be successful, if after this activity the participants can apply in managing the sport, the service team carries out assistance related to sports program activities and training programs. All planned sports management organization training materials can be presented according to plan. Directly the participants were enthusiastic to ask questions regarding problems in the implementation of management in sports and training programs.

This activity also includes parties related to sports, in this case with KONI Sleman. The participants in this activity were the organizers and trainers of the sport in the sleman district, who were in accordance with the plans set by the service team. All participants welcomed this training activity, because this training can be used as knowledge and skills in carrying out the wheels of their respective sports organizations. The participants sincerely hope that similar training activities or those that support sports organizations related to management and implementation of the training process can be carried out on an ongoing basis.

Kata Kunci: *pelatihan, manajemen organisasi, KONI kabupaten sleman*
