### **ABSTRACT**

This service to the community program aims at improving the literacy the elementary students of SD Muhammadiyah School in the area of Berbah District. The program was conducted through concept introduction, demonstration and literacy program development practice. The participants of this one-day training were the teachers of SD Muhammadiyah in the area of Berbah. The training was conducted on Saturday, 4 May2019 at *LaboratoriumMusik dan Tari, Fakultas Bahasa dan Seni, Universitas Negeri Yogyakarta*. 86 participants attended the program. The evaluation of the program shows that most participants are excited and find the program helpful in improving their skills in designing literacy program in their school.
