ABSTRACT

The purpose of carrying out community service activities (PPM) is to provide increased understanding, development of knowledge, as well as mentoring to residents of Kalibening Village community regarding the construction of sanitation facilities in the Kalibening tourism village, Dukun sub-district, Magelang district for the empowerment of local communities. The potential slopes of Mount Merapi in the village of Kalibening Dukun are optimally utilized as a tourist village because there are local arts and there is cultivation of PONDOK SALAK cultivation that can be used as an Agro Tourism. Meanwhile, supporting facilities that are owned by the community in the village of Kalibening, Shaman can be said to be non-existent, therefore it is very necessary to take the first step in the form of construction of the Kalibening Tourism Village area, the Shaman District. The implementation of the area facility development program that was previously implemented in the previous PPM, to support the development of the Kalibening Tourism Village area, it is also necessary to develop a community-based sanitation infrastructure development which is new for the people of Kalibening Tourism Village, Shaman District (PPM area), especially the community at the location will sanimas facility construction.

In the implementation of PPM activities, a number of approaches were carried out to support the implementation of PPM, such as training and assistance. In its implementation, Kalibening Village residents received training on the understanding of Tourism Village residents, the development / provision of infrastructure so that tourism villages can be formed that emphasize local characteristics so that they can contribute to increasing local revenue (PAD), and the development of attitudes about the maintenance of tourism village sarpras. The series of PPM activities not only include training activities, the next activity carried out as an effort to build facilities and infrastructure in the village of Kalibening is to provide assistance to the community in fulfilling the Tourism Village SarPras.

Based on the results and discussion on the implementation of the Kalibening Tourism Village Sanitation Development Area, Shaman District, Magelang District, it can be concluded that overall the PPM activities were welcomed by all the people of Kalibening Tourism Village so that it went well, it was seen from the enthusiasm of the community who were very enthusiastic in the process construction of tourism village facilities and infrastructure, good response from all parties such as youth, social organizations, and village community leaders are very supportive of the smooth implementation of the sanitation development PPM.

Kata Kunci: Sanitation, village tourism, empowering local communities.
