

BASIC CLASSROOM MANAGEMENT TRAINING USING GOOGLE CLASSROOM FOR TEACHERS

by Purwanto, Wahyu Rusdiyanto, Joko Kumoro, Yudit Ayu Respati, Rr Chusnu Syarifa D.K.

ABSTRACT

This Community Service Program aims to provide classroom knowledge and skills for those who dare to use Google Classroom. The Community Service Program was held on 12-13 September 2020. Outreach activities are expected to be able to solve the problems of teachers in online learning classroom schools considering that learning will still be carried out until the Covid-19 pandemic situation improves. The methods used in community service activities include: 1) the lecture method, the lecture method is used to provide explanations to participants about the concept, urgency and principles of courageous learning. 2) Question and answer, question and answer method to deal with problems related to the lecture material and to answer the difficulties that the participants have in the lesson plan. 3) Practice and assistance in class management using Google Classroom. PPM activities have been carried out well and have provided additional knowledge and skills for participants. The knowledge and skills conveyed are the theory and practice of learning management using Google Classroom. The PPM activity was attended by 108 participants on the first day and 111 participants on the second day. Jumlah participants (target audience) exceed the targets set.
