

PELATIHAN CHAT GPT UNTUK PEMBELAJARAN BAHASA JERMAN DI SMA NEGERI 2 SURAKARTA

by YATI SUGIARTI, PRATOMO WIDODO, AKBAR K.SETIAWAN

ABSTRACT

The form of DKL in the form of community service activities (PPM) for lecturers in the German Language Education Department of German Language Education FBS UNY is the GPT Chat Training for the Development of German Language Learning. The purpose of this PPM activity is the purpose of this Lecturer's PkM activity is as follows. 1. Providing experience and skills to teachers in preparing complete learning tools; 2. Provide training to teachers in preparing teaching materials using artificial intelligence. 3. Lecturers can carry out activities outside the campus that have MGMP partners in Solo Baru, Central Java. Thus, the German Language Education Study Program produced a new IA/ letter of cooperation with MGMP Solo Raya. who are partners who have worked together in the framework of the previous year's PPM activities. The form of this PPM activity is in the form of training for German language teachers who are members of the Solo Raya MGMP, and several teachers from Salatiga, Central Java. The number of participants is 20 people. The training was held at SMA Santo Yosep Surakarta and SMA Negeri 2 Solo, for one semester. Offline training will be held on April 23 and May 30, 2023. The output of this PPM activity is an article that will be published in the journal INOTEKS LPPM Yogyakarta State University.
