

Workshop on Writing scientific articles to enhance the publications ability of tutors

by yoyon suryono, pujiyanti fauziah, entoh tohani

ABSTRACT

The Community Services non-formal education study program in the form of a scientific article writing workshop aims to improve the ability of nonformal fasilitator . The workshop was attended by 30 tutors, the material presented consisted of the introduction of systematization of scientific articles, search and learning procedures for submitting articles, and reviewing the intended journal article templates. The speakers in this activity were prof. Dr. Yoyon Suryono, Dr. Pujiyanti Fauziah and Dr. Entoh Tohani. The output of the workshop is to register for guidance in the JPPM journal and submit articles about the results of research and development of the learning model that has been carried out.
