

The Training Report Forms To Improve Insights into Knowledge and Skills of Principals and Kindergarten Teachers in the Wirobrajan District of Yogyakarta

by Drs. iswahyudi M.Hum, M. Ubaidul Izza, M.Sn, Dr. Martono M.Pd, Dr. Muhajirin M. Pd

ABSTRACT

ABSTRACT

Forming training to improve insights into the knowledge and skills of school principals and teachers to provide insights into knowledge and skills in forming kokoru. This training aims to develop insights into knowledge and forming skills with various media expressions. Form three-dimensional kokoru, package, present the results of work, presentations, and evaluations. Methods of training, presentation, demonstration, and practice of making two- and three-dimensional cocktails. The training results showed that the participants were able to follow well and produce two-dimensional kokoru works in the form of bird theme reliefs and three-dimensional kokoru works in the form of snakes, cars, and cartoon dolls. Training participants display work, presentations, and work evaluations with the team of trainers in front of the class to gain an understanding of the work process and the work.
