ABSTRACT

Community Service Program (PPM) is a program Assisting the opening of new study program of Motorcycle Business Technique (TBSM) at SMK Maarif 1 Yogyakarta. The activities are held in the Department of Automotive Engineering Education FT UNY and at SMK Maarif 1 Yogyakarta, from February to July 2018. This program activity aims to provide strengthening understanding to the SMK related Standard 1-8 national education standards and efforts to meet the standards in the framework of the opening of competence TBSM's new skill for SMU Ma'arif 1 Yogyakarta academic community. After implementing this program, the academic vocation of SMK Ma'arif 8 Yogyakarta has understood and complied with Standard 1 SNP, related to the opening of new competency skill of TBSM. After going through a long process of preparing the files relating to the 8 SNPs that are answered above and menyiakan learning needs in school, finally SMK Ma'arif 1 City of Yogyakarta received a license program TBSM, given by the Local Government of Yogyakarta. The permit is contained in the Decree of the Head of Integrated Licensing Services Office One DIY Door, Number: 421/2158 / kp2tsp / 2018, concerning Granting License to Opening the Competence of Technical and Motorcycle Business Skills to Vocational High School 1 Yogyakarta.
