ABSTRACT

MARKING SCHEME USING THE ASIAN LEARNING SKILLS COMPETITION ON SKIN TREATMENT COURSE IN THE DEPARTMENT OF EDUCATION BOGA ELECTRICAL AND CLOTHING

Elok Novita, Eni Juniastuti, Yuswati

Abstract and Summary

This study aims to find out : 1). Shceme Marking can effectively improve student competency in preparation for the ASEAN Skills Competition in the Department of Catering and Clothing Engineering Education ,
2). Student opinion on Marking Shceme in improving student competence in preparation for the ASEAN Skills Competition in the Department of Catering Technical Education And Clothing ,
3). Achievement of student competencies in the Electrical Face Care course .

The research design is a class action research consisting of three cycles with the research design of the Kemmis and MC Taggart models. This class action research flow consists of (1) planning, (2) action and observation, (3) reflection. Classroom action research was carried out at the UNY Campus majoring in the PTBB Makeup and Beauty Study Program. The subjects in this study were 37 second semester students in the 2018/2019 academic year. The technique of taking research subjects is done by *purposive sampling* which is the technique of taking research subjects with certain considerations. Data collection uses observation methods, test methods and documentation methods. Test the validity of the instruments in this study using content validity by asking the opinions of experts. Reliability test uses consistency between raters. The data analysis technique used is descriptive quantitative statistics .

Through this research, it is expected to know how to improve learning of electric facial care using *ASC marking schemes* . D ith this research is also expected alternative solution to the obstacles encountered in the use of *the marking scheme* as for the process of mastering the practice can be trained using video media in the subject of electric facial treatment at the Department of Education and Busana.Oleh Boga Therefore, this study is very important in improving learning to produce true graduates -Right needed by the community to have the *skill* and *knowledge* and ready to air the race in the event *Asean Skill Competition*.

Keywords: *Marking scheme, ASC, electric facial care*

Kata Kunci: *marking schema, asc, elektrik facial care*
