

# DEVELOPMENT OF LITERATION VILLAGE THROUGH TRAINING AND MENTORING OF "OMAH PASINAON" IN BEJIHARJO VILAGE, KARANGMOJO, GUNUNGKIDUL, DAERAH IISTIMEWA YOGYAKARTA

by Miftahuddin, Tri Atmanto, Hiryanto

## ABSTRACT

Omah Pasinaon is a community group institution that has been formed thanks to the care of village youth in Karangmojo, Bejiharjo Village, Karangmojo District, Gunungkidul, Yogyakarta. The form of Omah Pasinaon's activities is a kind of Community Reading Park which is developed as a place to play and learn for the community, especially in the Karangmojo environment. Because the activities related to the Omah Pasinaon require better input and development, the PPM-KKN is directed to assist and develop programs that have been formulated.

In order for these objectives to be achieved, there are several methods carried out in the PPM-KKN activities. First, counseling and training are held for activities to improve organizational managerial capacity, increase entrepreneurial skills, and innovate and create creative products of economic value. The training was carried out by a team of devotees, experts or practitioners invited by service providers, and by KKN students in Bejiharjo, Karangmojo, Gunungkidul. Second, assistance is carried out in order to maintain the motivation of the target audience in implementing and developing the results of the training. Besides being carried out by the service team, mentoring was also carried out by KKN students in Bejiharjo Village, Karangmojo, Gunungkidul. The results of the PPM-KKN activities carried out during the period of the Special Semester KKN for the 2018/2019 academic year, July 13 to August 24, 2018 consisted of computer literacy training for hamlet officials and youth administrators, procurement of books, profiling and publication of Omah Pasinaon, literacy training for file and filing family data, education literacy socialization, coaching of the Al-Qur'an Education Park (TPA), outbound and fairytale events, and literacy festivals. In general, PPM-KKN with the theme "Development of Pasinaon Omah in Karangmojo Hamlet" which was supported by the implementation of the programs mentioned above went well and the level of acceptance was high. This was evidenced by the results of positive citizen responses and even the people begging again for the following years to continue to hold PPM-KKN in Karangmojo Hamlet to mentor and develop other programs.
