

Sosialisasi Program Studi S2 Pendidikan Jasmani Sekolah Dasar FIK UNY di Daerah Istimewa Yogyakarta

by Soni Nopembri, Subagyo, Tri Ani Hastuti, Dennis Dwi Kurniawan, Sigit Dwi Andrianto

ABSTRACT

The purpose of this Community Service Program (PPM) has the aim of socializing the Master's Degree Study Program PJSD, Faculty of Sports Science, Yogyakarta State University (FIK UNY) for teachers of PJOK SD DIY. In addition, the purpose of this PPM is to find prospective students who can be prospected to continue studying in the PJSD Master's Degree study program. It hoped that the PJSD Master's Degree study program could always meet the quota needs of new students at the opening of each academic year. The stages taken in carrying out this series of PPM events are divided into three, namely: 1) Organizing a webinar for the Socialization of the PJSD Masters Program, 2) Disseminating Leaflets through the mass media of the KR Newspaper, 3) Disseminating Leaflets for the PJSD Masters Study Program through social media. The socialization webinar will be held on Friday, September 10, 2021, at 09.00-11.15 WIB. 170 participants, the majority of whom were physical education teachers, especially at the elementary school level, attended it. Data regarding the latest education of participants are detailed as follows: 19% (32 people) of participants with the last education of high school or currently completing S1, 4% (7 people) of participants with the last education of D4, 2% (3 people) of participants with the last education of Masters, and 75% (128 people) have a bachelor's degree. As many as 34% (58 people) of participants said they were "very interested" in continuing their studies at Masters Program, 57% (97 people) were "quite interested" in continuing their studies at Masters Program, 6% (10 people) said they were "less interested" in continuing their studies, and 3% (5 people) stated that they were "not interested" in continuing their studies. Participants in the "very interested" and "quite interested" categories with 155 people will be followed up to be prospective students of the PJSD Master's Degree Study Program in the following academic year.

Kata Kunci: Master program, physical education, elementary school
