

## **capacity building of youth villagers**

**by setyabudi indartono**

### ABSTRACT

PPM activity is intended to provide additional insight to the youth at the village level in managing the organization and mobilize the potential of youth. This activity is focused on the youth in the district of Bantul Pundong. The training was attended by 15 participants from the young people mover Pundong youth organization of village Srihardono, Panjangrejo and seloharjo. Participants from 25% of women, aged 15-28 years, 60% of students, orientation activities consist of economic activity, business, agriculture, sports and religion.

This training involves Mr. Dhauid and father supri as community leaders and local youth. PPM is successfully discuss the problems perceived by young people mover village and solutions can be alternative solutions to problems in Pundong Bantul. Follow-up activities are expected by participants to improve the quality of the desired results.
