The Ndhadhap Mbelik Cultural Art Studio is an art studio located in Dlingo 1 Hamlet, Dlingo Village, Dlingo District, Bantul Regency. In this studio there are 12 arts groups, each of which has its own characteristics. The 12 groups are: Karawitan Mudo Laras Art Association, Kethoprak Lestari Mudha Budaya, Jathilan Art Association. Constraints faced during PPM-KKN: One Dlingo community, still considers cultural arts that exist only as mere entertainment, not yet considered something that must be cultivated and developed. There is no schedule for training activities routinely, so training activities are held if they are going to perform. Motivation to advance in art is still lacking

In the future this Dlingo 1 Village will be realized as a tourist village and can be used as an additional income for the community, if this art can be managed properly and can be staged in a scheduled time. The Rasulan performance plan for 2019 is Thursday Wage on July 18, 2019.
