

TRAINING OF LESSON PLAN DEVELOPMENT ON THEMATIC CURRICULUM 2013 FOR ELEMENTARY SCHOOL TEACHERS IN DISTRICT NGARINGAN, GROBOGAN, JAWA TENGAH

by Ali Muhtadi, Suyantiningsih, Isniatun Munawaroh

ABSTRACT

The training is intended to improve teachers' ability in developing the lesson plan on Curriculum 2013 for Elementary School in Ngaringan, Grobogan. Specifically, this training aims to: (1) Provide training for elementary school teachers in Ngaringan, Grobogan on how to develop the thematic lesson plan of the Curriculum 2013 in accordance with Permendikbud in 2016; (2) Produce the thematic lesson plan of the Curriculum 2013 in accordance with Permendikbud 2016; (3) increase teacher's knowledge and understanding about the development of thematic lesson plan of the Curriculum 2013 that will impact on the teachers' self confidence to develop lesson plan that is suitable with the characteristics of school and students. The methods used in the overall training program include: (1) Training and counseling; (2) practice (peer teaching); (3) mentoring; (4) evaluation. The subjects of this training were targeted as many as 25 elementary school teachers in Grobogan. The results of the training indicate that: (1) The development of lesson plan in the Curriculum 2013 according to Permendikbud 2016 is not as difficult as assumed by teachers in elementary school so far, since there is no significant difference from the previous approach to learning scenarios and lesson plan format sequences; (2) There is an increase in teacher's understanding of lesson plan development in the Curriculum 2013; (3) Scenarios designed in lesson plan can be used as an effort to design student-centered learning.
