

Javanese Script Writing Training for Elementary School Teachers

by Hesti Mulyani, Venny Indria Ekowati, Doni Dwi Hartanto, Ghis Nggar Dwiadmojo

ABSTRACT

Community service is carried out with the aim of (1) providing training in reading and writing Javanese script at a basic level, (2) providing training in reading and writing Javanese script at an intermediate level, and (3) applying technology and applications in learning to read and write Javanese script. Activities were carried out online and offline, namely on July 19 and August 5 2023. Offline implementation was carried out at SDN Nanggulan, Maguwoharjo, Depok, Sleman. The training participants are elementary school teachers in the Sleman area. Based on the service activities carried out in three stages, it can be concluded that the training activities ran smoothly with the number of participants reaching 90% and the achievement of training results reaching 83%.
