

WORKSHOP FOR IMPROVING THE MANAGEMENT OF SPORTS BRANCH REGIONAL MANAGEMENT TO SUPPORT DIY ATHLETE ACHIEVEMENT DEVELOPMENT

by Djoko Pekik Irianto, Ahmad Nasrulloh, Ali Satia Graha

ABSTRACT

The tiered, systematic, and planned development is one of the important activities in improving sports achievement. Efforts to foster sports achievements by the government through the Ministry of Education and Culture, Kemenpora, Provincial KONI, and the parent organization of sports. In the process of coaching DIY athletes, it is also necessary to have management skills in each regional board of sports branches in order to support athletes' achievements. Therefore, it is necessary to have good management skills for all regional sports branch administrators to support the development of DIY athletes' achievements. Based on the description above, we feel the need to carry out Community Service activities with the title "Workshop on Improving the Management of Regional Olaraga Branch Managers to Support the Development of DIY Athletes' Achievements."

The objectives of this Community Service Program are: Workshop on Improving the Management of Regional Olaraga Branch Managers to Support the Development of DIY Athletes' Achievements. The expected benefits of this activity are: (1) providing knowledge to the Regional Managers of the Olaraga Branch regarding organizational management, (2) the Athlet Development Process of each regional government can run well, (3) DIY athletes' achievements can be increased. The participants in this PkM activity are the Regional Managers of the Olaraga Branch in DIY. The outputs targeted at PkM are articles that can be published in the PkM Journal.

The series of PkM activities to accelerate GB FIK carried out between the Faculty of Sports Science in collaboration with KONI DIY received good appreciation by the participants. Arbitration training activities are held from Friday to Saturday, October 14 to 15, 2022. On Friday, October 14, 2022, the activity is in the form of field observations by the Service Team and on October 15, 2022 a "Workshop on Improving Management of Regional Managers of Sports Branches to Support Athletes Achievement Development will be held. DIY". This activity was attended by 54 participants representing all regional administrations of sports in DIY.
