### **ABSTRACT**

The purpose of this community service program is to provide journalistic training for Muhammadiyah Elementary School students throughout the Berbah District. In addition, this activity can be used as a means to improve the competence of Muhammadiyah elementary school students in Berbah District in writing journalistic products.

The target audience of this program are students of SD Muhammadiyah in Berbah Sub-district in grades 5 and 6. Participants are representatives from several schools who have received invitations from the implementing team. In its implementation, the implementing team collaborates with the Berbah Educational Board of Education. Journalism training methods using lectures, discussions, workshops, mentoring tutorials, and production of results.

This training activity was successfully carried out on Saturday, July 24, 2021 through a zoom meeting. The activity starts at 08.00 WIB until 12.25 WIB. This training was attended by 59 students and 5 accompanying teachers. Participants consisted of five Muhammadiyah schools throughout Berbah District, namely Muhammadiyah Elementary School Pajangan 1, Muhammadiyah Elementary School Noyokerten, Muhammadiyah Semoya Elementary School, Muhammadiyah Bulu Elementary School, and Muhammadiyah Karangharjo Elementary School. The training activities were divided into five sessions. In the first session of the activity, participants were given material on the Basics of Journalism which was delivered by Ahmad Wahyudin, M.Hum. The second session was delivered by Prof. Dr. Zamzani, M.Pd, who presented the material on News Writing Techniques. The third session presented material on News Editing by Ibnu Santoso, M. Hum. and Ari Listiyorini, M. Hum. The fourth session of delivering material on News Bringing Techniques by Dr. Ari Kusmiatun, M. Hum. The fifth session was given material on News Writing Practice by Yayuk Eny Rahayu, M.Hum. The results of the journalism training were obtained after the students practiced writing and presenting news. The results of the training were 22 news scripts and 20 videos presenting the news formally and informally.
