

FINISHING OF PUBLIC BATHROOM AND TOILET FACILITIES IN TAMAN SARI VILLAGE TOURISM AREA of KALIBENING

by Darmono, Slamet PH, Didik Purwanto, Pramudianto, Arum Dwi H, Hasbi

ABSTRACT

Public toilets are something that cannot be separated from people's lives, where the use of public toilets has now become part of people's daily lives. The construction of finishing bathrooms and toilets in the Taman Sari Tourism Area of ??Kalibening Village as a tourist spot aims to provide increased understanding, knowledge development, and assistance to the residents of Kalibening Village as an empowerment of local communities. In the implementation of this PPM activity, several approaches were taken to support the implementation of PPM, such as training and mentoring. In its implementation, the residents of Kelibening Village received training on bathroom and toilet finishing planning as well as Minimum Hygienic Standards for Public Toilet Sanitation. In the training, the residents of Kelibening Village received training in knowledge of the construction system for finishing bathrooms and toilets in the Kalibening tourist area such as the manufacture or procurement of ventilation and circulation of bathrooms and toilets, bathroom and toilet trash bins, water supply, lighting, disposal of liquid waste and feces and management of toilet as a sanitation facility that accommodates the need for defecation used by the general public. Based on the results and discussion on the implementation of the Construction of Finishing Bathrooms and Toilets in Kalibening Tourism Village, Dukun District, Magelang Regency, it can be concluded that overall PPM activities were welcomed by the entire community of Kalibening Tourism Village so that it went well, this was seen from the very public interest. enthusiastic in the construction process of finishing bathrooms and toilets in Kalibening Tourism Village, Dukun District, Magelang Regency, good responses from all parties such as youth, social organizations, and village community leaders are very supportive of the smooth implementation of the sanitation development PPM.

Kata Kunci: *finishing, bathroom and toilet, local community empowerment.*
