ABSTRACT

The purpose of community service through "Motion and Song Training Based on Gendhing-gendhing Dolanan for IGTK Teachers in Sleman Regency" is to foster and develop the artistic creativity of motion and song for IGTK teachers in Sleman. This is important considering that there are quite a number of traditional arts in Yogyakarta that have become extinct, but actually can be worked on again to be used as learning material in schools.

This PPM procedure provides guidance and develops traditional artistic creativity. The target of motion and song art development is 84 IGTK Sleman teachers. The implementation of community service took place in Depok District Building, Sleman, 14, 15, 22 April 2018. The methods used in this PPM were lectures, question and answer, demonstrations, presentations, and direct evaluations.

The results of the PPM through "Motion and Song Training Based on Gendhing-gendhing Dolanan for IGTK Teachers in Sleman Regency" stated: (1) Guidance and development of art creativity for IGTK teachers in Sleman to train their movements and songs took place in Depok District Building, Sleman. (2) In this PPM it was seen that the participants consisting of IGTK teachers seemed very enthusiastic in attending a motion and lagging training workshop. It was proven that the trainees on the day the PPM was held there were 84 people (present 100%) according to the invitation, no one was unable to attend. This indicates that the IGTK teachers were enthusiastic in following the exercises and songs.
