

SCIENTIFIC ARTICLE WRITING TRAINING for JUNIOR HIGH SCHOOL teachers in the COUNTRY 2 SLEMAN YOGYAKARTA CANGKRINGAN

by Chandra Dewi P. LL.M.

ABSTRACT

The purpose of this community service activities is a). Provide training to all teachers of JUNIOR HIGH SCHOOLS of the country 2 Cangkringan about the scientific article writing, b). Help teachers SMP Negeri 2 Cangkringan in developing measures to write scientific articles, 3). Motivating and encouraging the teachers to keep them from Cangkringan Junior 2 want to develop the ability to write scientific articles.

This outreach activity is carried out by methods of lectures, q & a, discussion and training scientific articles that were later expected to be published. As for the targets of PPM is the JUNIOR HIGH SCHOOL teachers of the country 2 Cangkringan District of Sleman, a number of 25 participants. Implementation of training conducted two (2) days, Tuesday, July 17, 2018 and Wednesday, July 18, 2018, in meeting room 2 Cangkringan Country JUNIOR HIGH SCHOOL. The first day is filled with activities of granting material about; The training techniques of writing scientific paper by Setiati Widiastuti, m. Hum, the steps of writing a scientific paper in the journal and PTK, protect their Nurhayati. M. Hum, and then proceed with the Tricks in order to make a scientific paper can be accepted by the reputable journal by Dewi Chandra p. LLM and Praise Wulandari. M.Kn. The second day Wednesday 15 August 2018 continued with the training of writing scientific articles, tutorials and arukel emailed to team with the email PPMUNY@gmail.com PPM for review by Dr. Marzuki. M. hum.

This devotion activities can be said to be implemented properly and smoothly, but there are still some limitations in its implementation. The State JUNIOR HIGH SCHOOL teachers 2 Cangkringan as trainee enthusiastic and excited in following sessions with existing activities, good exposure to the material, frequently asked questions, discussions and tutorials. In addition of the article that has been posted many still need to be addressed and the supervision of our presenters.
