

Assessment Training Individual Learning In Teachers at SLB PGRI Prembun, Kebumen, Central Java

by Tin Suharmini, Rafika Rahmawati, N. Praptiningrum

ABSTRACT

Abstract

Community service activities with the title of assessment training in the design of individual learning of teachers at SLB PGRI Prembun, Kebumen, Central Java. Aims to improve teachers' understanding at Pembun Kebumen School of Prepar Kebumen towards the design of individual learning for students with special needs. Methods of activities undertaken in the form of socialization and training. The socialization material given is understanding the basic concept of asesmen; pre-academic and academic assessments; non-academic assessments; coaching the design of individual learning. The results of community service activities show considerable results on teacher understanding in the assessment and making of individualized learning designs.

Supporting factors that make the activity of dedication to the community work well is a good support from various parties, especially the faculty and the SLB.
