

TRAINING ON PREPARING AUTHENTIC ASSESSMENT INSTRUMENT (ALONG WITH PISA TESTS MODEL) FOR JUNIOR HIGH SCHOOL TEACHERS

by Badrun Kartowagiran, Djemari mardapi, Harun, Amat Jaedun

ABSTRACT

ABSTRACT

The Community Services (CS) activity which is conducted in a form of training on arranging school examination test for selected junior high school teachers aims to give understandings and experiences related to: (1) authentic assessment principles, 2) preparation of assessment design and its blueprint, and 3) preparation of authentic assessment which contains PISA items. The PPM was carried out through a training method that includes the training on preparing assessment design and its blueprint and training on preparing authentic assessment that contains PISA items. The targeted participants of this activity is 30 Junior High Schools teachers in Sleman District, Special Region of Yogyakarta. The result of the activity are: 1) teachers are able to understand the principles of authentic assessment, 2) teachers are able to prepare an assessment design and its blueprint, also 3) teachers are able to prepare a test that contains PISA items.
