

KWL Plus based German Language in the Highschool

by Sri Megawati et al

ABSTRACT

The aim of this community service that done by the PPM- Group of German Departement, Language and Art Faculty, the Yogyakarta State University is to the train the teachers of German Language to have knowledge, concept and skills in using KWL Plus. Beside, they are able to used KWL Plus in their teaching in the class room. These activity is a one day workshop in eight hours. Then the result will be monitored one day after the workshop. The steps in the workshop are delivering the materials about KWL Plus, practicing in making KWL Plus, and followed by a group discussing. The result of these workshop is the highschool teachers have KWL Plus knowledge in the class room, and they are able to create materials for reading- and writing skills. Futhermore, the teachers are entusiast in discussing the material with their colleagueoes. They hope that the workshop can be continously with other materials.
