

Training on Preparing Scientific Work as an Effort to Develop the Professionalism of Jetis Ministry of Primary School Teachers

by Banu Setyo Adi, Woro Sri Hastuti, Supartinah, Sekar Purbarini Kawuryan,

ABSTRACT

This Off-Campus Lecturer Activity (DBLK) is in the form of Training on Preparing Scientific Work as an Effort to Develop the Professionalism of Primary School Teachers at the Jetis Ministry of Education. The aim is to provide training in writing scientific papers as an Effort for Continuous Professional Development of Primary School Teachers at the Jetis Ministry of Yogyakarta. The methods used are lectures, questions and answers, assignments, and mentoring. Implementation of the lecture, questions and answers are carried out during the training. Meanwhile, assignments and mentoring are carried out by On at each school. The target of the activity was 30 teachers representing elementary schools at Kemantren Jetis.

The results of this activity are an increase in teachers' understanding of writing scientific papers and scientific articles prepared by participants.

Kata Kunci: *training, teacher professionalism, scientific work*
