

# MORALITY, FRAUD, AND TAX EVASION: PROOF OF PERCEPTION

by Ponty SP Hutama, Isroah, Abdullah Taman

## ABSTRACT

The word "moral" is described in the Collins English Dictionary as "adhering to conventional standards of behavior, based on a sense of right and wrong in conscience". The purpose of this study is to measure morality related to fraud, corruption, and tax avoidance. This study also discusses the possible impact of morality and prevention of fraud, corruption, and tax avoidance. The questionnaire was used to investigate morality issues related to fraud, corruption, and tax avoidance in Indonesia.

Kata Kunci: *morality, morality, tax avoidance, corruption*
