ABSTRACT

This Community Service Activity (PPM) is motivated by the problem of not optimal teachers in motivating student learning, especially for teachers in Kulonprogo Regency. The purpose of this PPM activity is to provide an understanding of the ARIAS learning model in motivating student learning to teachers in Kulonprogo Regency.

The model of this community service activity is to hold training and workshops using lecture and discussion methods in class and practice motivating students at school. The subjects in this service are physical education teachers of SMK in Kulonprogo Regency totaling 30 people.

This PPM activity was carried out on 19-20 July 2021. The results obtained were the implementation of the ARIAS learning method training in motivating students in learning for teachers in Kulonprogo Regency. There was an increase in understanding of the ARIAS learning model by 10% seen from the results of the pretest and posttest. Socialization participants were very enthusiastic about participating in these activities and obtained an average satisfaction score of 3.72 (very satisfied) in participating in PPM activities.
