PELATIHAN PEMANFAATAN TEKNOLOGI INFORMATION DAN KOMUNIKASI (TIK) BAGI GURU-GURU SMK

by Ir. Wahidin Abbas, M.Si.

ABSTRACT

This activity aims to provide knowledge about the internet like browsing, email, webblog and power point. Method PPM activities are lectures and simulations (exercises) and to guide the teachers so that they understand how to use computers and the Internet as a medium of learning. Lectures are given with the aim of presenting the material theoretically. Mechanical simulation was conducted to obtain supplies practical ability by sending an email to browsing the results of the sets. This pattern is done by way of mentoring practice. in order to improve the quality of learning for teachers in the National STM Klaten district.
PPM results that each participant understands and has the ability to provide online material in each class so that the material being taught as much as possible can be achieved.
Principals and teachers give good attention to this activity. The teachers as participants have the spirit of competition and give an effort to improve learning outcomes.

Kata Kunci: *e-mail, Power point*
